Schedule of Benefits82

Welcome to Community Health Choice, Inc.

Thank You for choosing Community Health Choice, Inc. (Community) as Your health benefits plan. Community is committed to arranging to provide You with excellent care when You are sick or injured, and benefits to keep You healthy. We encourage You to read through this Evidence of Coverage and learn about the ways this plan can help You.

This Evidence of Coverage provides benefits established by the Federal Government in the Affordable Care Act. In Texas, a Federally Facilitated Health Insurance Marketplace was created through which Qualified Health Plans are offered to eligible persons. The Federal Government and the State of Texas have established rules for the general operation of this plan. To make this coverage more affordable, You may be eligible for Federal advance payment tax credits to help pay for Your cost of coverage. Please refer to the Premium Payment section of this Contract.

Service Area

The Service Area is also listed at www.communityhealthchoice.org. You may also call Member Services at the telephone number on Your Member Identification Card.

Service Area Map Community Health Choice- Limited Network Plans

The Service Area for Community Health Choice- Limited Network Plans is also listed at www.communityhealthchoice.org. You may also call Member Services at the telephone number on Your Member Identification Card.

1. Access to Care

a. How to Find a Participating Provider

An online directory of Participating Providers is accessible via www.communityhealthchoice.org. As provider status' change often, please check the online directory of Participating Providers and verify with the provider that they participate in Community's plan before obtaining services. If You do not have access to the online directory, please call the Member Services telephone number on Your Member Identification Card to assist You in finding a Participating Provider or to request a paper directory.

b. Use of Participating Providers

In most instances, there are Participating Providers available to provide Medically Necessary services. Participating Providers have agreed to accept discounted or negotiated fees. You are responsible for paying the Participating Provider for any applicable Copayment for services received. We offer different managed care plans, and a provider who participates in one plan may not necessarily be a Participating Provider for other plans offered by Community.

When receiving services, You must make sure the provider participates as a Participating Provider to avoid additional out-of-pocket expenses.

Community provides no benefit for services You receive from Non-Participating Providers, with specific exception as described in this Evidence of Coverage.

You have a right to an adequate network of Participating Providers. If You believe that the network is inadequate, You may file a complaint with the Texas Department of Insurance at: www.tdi.texas.gov/consumer/complfrm.html.

If Community approves a referral for Non-Participating Provider services because no Participating Provider is available (as described under Section M under Access to Care of this EOC) or if You have received Emergency Care Services provided by a Non-Participating Provider, Community must, in most cases, resolve the Non-Participating Provider's bill so that You only have to pay any applicable copayment, coinsurance or deductible amounts.

You may obtain an online directory of Participating Providers at the following website: www.communityhealthchoice.org or by calling 1-855-315-5386 for assistance in finding available Participating Providers. If You relied on materially inaccurate directory information, You may be entitled to have a claim by a Non-Participating Provider paid as if it were a Participating Provider, if You present a copy of the inaccurate directory information to Community, dated not more than 30 days before you received the service.

c. Selecting a Primary Care Physician or Provider (PCP)

You must select a Primary Care Physician or Provider (PCP) for Yourself and for each covered Dependent. Selecting a PCP will provide You with a Medical Home and is important to Your overall health. We give You a number of choices to select for PCP services.

You can choose any PCP You like as long as he or she is in our network and is accepting new patients. You can choose a pediatrician as a PCP for Your children.

If You do not choose a PCP, We will choose one close to Your home for You. You can change Your PCP at any time. The change will be effective at the beginning of the following month. For helpful tips on how to choose a PCP, and for a list of doctors in Our network, please visit Our Web site or access the member account at www.communityhealthchoice.org.

Seeing an Obstetrician or Gynecologist

You don't need authorization from Community or a referral from Your PCP to see an obstetrician or gynecologist (OB/GYN). You can choose one from Our network. Just be sure that the one You choose specializes in OB/GYN.

During the course of Your treatment, Your OB/GYN may have to obtain prior authorization for certain services, follow a pre-approved treatment plan or follow certain procedures when referring You to someone else for treatment. For a list of Participating Providers who specialize in OB/GYN care, please visit Our website or access Your member account at www.communityhealthchoice.org.

Enrollees may select, in addition to a PCP, an OB/GYN Physician to provide Medically Necessary services that are within the scope of the Physician's practice without first receiving a referral from Your PCP.

The following Participating Provider types may serve as PCPs:

- Physicians from any of the following practice areas: General Practice, Family Practice, Internal Medicine, or Pediatrics.
- Obstetrical/Gynecology Physicians who notify the Health Plan that they are willing to serve as PCP for selected Members.
- Other Specialty Care Physicians who notify the Health Plan that they are willing to serve as PCP for selected Members with chronic, disabling, or Life Threatening Illness.
- Federally Qualified Health Centers (FQHCs), Rural Health Clinics (RHCs) and similar community clinics.
- Advanced Practice Nurses (APNs) and Physician Assistants (PAs) when practicing under the supervision of a Physician designated as a PCP.

If You have a chronic, disabling, or Life-Threatening Illness, You may apply to Our Medical Director to use a Specialty Care Physician as Your PCP. You may make this request by calling Our Member Services telephone number on Your Member Identification Card. If Your request is denied, You have the right to seek review of the denial through Our Complaints process. Refer to the Appeals, Complaints and External Review Rights provision in the General Provisions section in this Contract for more information.

You may change Your PCP by calling Our Member Services Department. In the meantime, Your current PCP will continue to coordinate Your care. For members selecting a PCP for the first time, the change is effective immediately as long as services have not been rendered by any other provider. You must arrange to have You/Your Dependent's medical files transferred to the new PCP.

d. Community Health Choice- Limited Network Plans

Community offers two plans in collaboration with Kelsey-Seybold Clinic, Community Health Choice- Limited Network Plan 006 (Gold) and Community Health Choice- Limited Network Plan 007 (Silver).

If You receive coverage through Community Health Choice- Limited Network Plan 006 (Gold) or Community Health Choice- Limited Network Plan 007 (Silver) you are part of a Limited Provider Network. You may only receive your Primary and Specialty Care Physician services at a Kelsey-Seybold Clinic. If You select an OB/GYN as Your PCP, they must belong to Kelsey-Seybold Clinic.

You can be referred to Participating Providers who are not associated with Kelsey-Seybold Clinic only for Covered Services that are not available within Kelsey-Seybold Clinic and with an approved authorization from Us.

e. Role of the PCP

Your PCP is responsible for providing primary medical care and helping to guide and initiate referrals for any care You receive from other medical care providers, including Specialty Care Physicians.

f. When a PCP is Not Available

When Your PCP is unavailable, You may need to obtain services from the back- up Participating Provider designated by Your PCP. You must make sure the provider is a Participating Physician or Participating Provider in your specific plan's network to avoid additional out-of-pocket expenses. Please be sure to discuss these back- up arrangements with Your PCP.

g. Seeing a Specialist

All medical needs should be discussed with Your PCP. A wide range of Specialty Care Physicians are included in the Community network. We allow open access to Specialty Care Physicians without a referral from a PCP or authorization from Us so long as it is within Your plans' specific network. If a

Covered Person and his or her PCP determine that there is a need to see a

Specialty Care Physician the PCP should refer You to Participating Providers.

Seeing a Specialist under Community Health Choice- Limited Network Plans 006 and 007:

Community Health Choice- Limited Network Plan 006 and Community Health Choice- Limited Network Plans 007 may require a referral from a Kelsey Seybold PCP to see a Specialty Care Physician. Your PCP may also arrange referrals to other participating non-Kelsey-Seybold Clinic Specialist Care Physicians if care cannot be provided by the Specialist Care Physicians within Kelsey-Seybold Clinic.

We do require Prior Authorization for certain services. Visit our Web site at www.communityhealthchoice.org or call the Member Services' telephone number on Your Member Identification Card for a list of services that require Prior Authorization.

h. Seeking Emergency Care Services

If You need Emergency Care:

1. Go to the nearest Participating Hospital emergency room; or
2. Find the nearest Hospital emergency room if Your condition does not allow You to go to a Network Hospital.

You, or someone on Your behalf, must call Us within 48 hours after Your admission to a Non-Participating Hospital for Emergency Care. If Your condition does not allow You to call Us within 48 hours after Your admission, please contact Us as soon as Your condition allows. We may transfer You to a Participating Hospital in the Service Area when Your condition is stable. You must see a Participating Provider for any follow-up care. If emergency services are provided at a Non-Participating Hospital, We will pay for those services at the Usual and Customary rate or and agreed rate.

i. Seeking Urgent Care Services

The steps for seeking Urgent Care services are as follows:

1. Contact Your PCP or his/her back up.
2. If the Primary Care Physician is unavailable, You may go to an Urgent Care Center that is a Participating Provider. You can obtain the names of Participating Provider Urgent Care Centers by calling Us or accessing the Provider Directory on Our Web site at www.communityhealthchoice.org.
3. You must receive any services in follow-up to an Urgent Care Center visit from Your PCP or a Participating Provider.
4. You must pay any Copayment required for Urgent Care.

j. Telehealth Services

Telehealth Services for HMO 001

Community offers telehealth services to all members enrolled in HMO001 plans. Through a telehealth vendor, Community provides access to medical care for routine conditions via telephone consultants, including cold and flu symptoms, respiratory infections, sinus problems, bronchitis, allergies, ear infections, urinary tract infections, skin problems, and more.

You should use Telehealth services :

1. If Your PCP is unavailable
2. If You are considering the ER or Urgent Care Center for a non-emergency issues after 5 pm

1. Allergy
2. Back pain
3. Cough
4. Cold
5. Flu
6. Urinary tract infection
7. Pink eye
8. Gastroesophageal reflux
9. Vaginal discharge
10. Sinusitis

k. Use of Non-Participating Providers

If Covered Services are not available through Participating Physicians or Participating Providers, upon Your Participating Physician's or Participating Provider's request and within the time appropriate to the circumstances, but not to exceed five (5) business days, We will allow a referral to a Non-Participating Physician or Provider and fully reimburse the Non-Participating Physician or Provider at the usual and customary rate or at an agreed rate.

Before denying a request for a referral to Non-Participating Provider, We will provide for review of the request by a specialist of the same or similar type of specialty as Non-Participating Provider to whom the referral is requested.

Not all Healthcare Practitioners who provide services at Participating Hospitals are Participating Providers. If services are provided by Non-Participating Providers, including but not limited to pathologists, anesthesiologists, radiologists, and emergency room physicians (facility based physicians) at a Participating Hospital, We will pay for

those services at the Usual and Customary rate or an agreed rate. If you receive a bill from the Non-Participating Provider, please contact Us at 1-855-315-5386.

Texas law requires if Covered Services are not available through Participating Providers as described above that You are only responsible for any applicable Copayment or other out-of-pocket amounts that You would have paid if Community's network included Participating-Providers from whom You could obtain services. If You receive a bill from the Non-Participating Provider, please contact Us at 1-855-315-5386.

It is Your responsibility to verify the network participation status of all providers prior to receiving all non-emergency services. You should verify network participation status, only from Us, by either calling the Member Services telephone number on the back of Your Member Identification Card or accessing Our Web site, at www.communityhealthchoice.org. We are not responsible for the accuracy or inaccuracy of network participation representations made by any PCP, Specialty Care Physician, Hospital, or other Provider whether contracted with Us or not. In other words, if the network Primary Care Physician, Specialty Care Physician, or other provider recommends that services be received from another entity, it is Your responsibility to verify the network participation status of that entity before receiving such services.

2. Utilization Management

a. Prior Authorization

Prior Authorization means a determination by Us that Services proposed to be provided to a Covered Person are Medically Necessary and appropriate. If We have provided a Prior Authorization, We will not reduce or deny payment to a Physician or Provider based on the Services being Medically Necessary unless the Physician or Provider has materially misrepresented the proposed Services or has substantially failed to perform the proposed Services. Prior Authorization does NOT guarantee coverage of or the payment for the service, or procedure. For Prescription Drugs, Prior Authorization is a confirmation of the dosage, quantity, and duration as appropriate for the Covered Person's age, diagnosis and gender. For all other services or procedures, it is a confirmation of medical necessity and appropriateness only. Prior Authorization is not a representation that the healthcare services are covered or that the patient is a Covered Person.

All benefits payable under this Contract must be for services or Prescription Drugs that are Medically Necessary or for Preventive Services as stated in this Contract. Prior Authorization by Us is required for certain services and Prescription Drugs. Visit our Web site at www.communityhealthchoice.org or call the Member Services telephone number on Your Member Identification Card to obtain a list of services that requires Prior Authorization or the Prescription Drug Formulary that indicates when Prior Authorization is required for Prescription Drugs. The list of services and Prescription Drugs that require Prior Authorization is subject to change. Coverage provided in the past for services or Prescription Drugs that did not receive or require Prior Authorization is not a guarantee of future coverage of the same service or Prescription Drug.

You are responsible for informing Your Physician or Provider of the Prior Authorization requirements. Your Physician or Provider must contact Us by telephone, electronically or in writing to request the appropriate authorization. The telephone number to call to request authorization is on Your Member Identification Card. No benefits are payable for services or Prescription Drugs that are not Covered Services.

We will issue a determination on a request for Prior Authorization no later than three (3) calendar days of receiving the request. If the Prior Authorization involves a concurrent Hospital care, We will issue a determination within twenty- four (24) hours of receiving the request. If the Prior Authorization involves post- stabilization treatment or a life threatening condition, We will issue a determination within the timeframe appropriate for the circumstances relating to the delivery of the services and conditions of the enrollee, but in no case to exceed one hour from receipt of the request.

b. Reduction of Payment

If We are not contacted for Prior Authorization for services or supplies that require Prior Authorization, but the services or supplies are ultimately determined to be Medically Necessary, the covered benefits may be reduced or denied.

The reduced amount, or any portion thereof, will not count toward satisfying any Copayment or Out-of-Pocket Maximum Unless such services or supplies are Medically Necessary.

3. Your Contract Benefits Management

We will pay benefits for Covered Services as stated in the Schedule of Benefits and this Contract section, and according to the General Exclusions and Prescription Drug Exclusions sections and any amendments or riders which are a part of Your Contract that may modify Your benefits.

If You obtain non-Covered Services, You are responsible for making the full payment to the Physician or Provider. The fact that a Physician or Provider has performed or prescribed a medically appropriate service, or the fact that it may be the only available treatment for a Bodily Injury or Illness, does not mean that the service is covered under this Contract.

You are required to pay any Copayments directly to the Physician or Provider. Your Copayments may not exceed 200 percent of Your annual premium or 50 percent of total costs of service in any calendar year. You are responsible for demonstrating that You have paid these Copayments and will then no longer be responsible for Copayments for Participating Providers for the remainder of the plan year. Once You have met Your Out-of-Pocket Maximum, You will no longer be responsible for Copayments for Participating Providers for the remainder of the plan year. There are no Copayments for Preventive Services.

A Covered Person who has Special Circumstances may be eligible for continuation of services from a terminated provider through continuity of care. A terminated provider is a Participating Provider whose Contract is terminated or not renewed.

All terms and provisions of this Contract are applicable to Covered Services provided during the period of continued care by the terminated provider.

Continuity of care is not available:

- a. If the provider was terminated due to reason of medical competence or professional behavior;
- b. After the 90th day after the Effective Date of the provider's termination; or
- c. After the expiration of the nine-month period after the Effective Date of the provider's termination if the Covered Person was diagnosed as having a terminal Illness at the time of the termination.

If a Covered Person who has Special Circumstances is past the 24th week of pregnancy at the time of the provider's termination, continuity of care extends through delivery of the child and applies to the immediate postpartum care and follow-up checkup within the six-week period after delivery.

If a claim is denied as being Experimental or Investigational, You have the right to seek review of the denial by an Independent Review Organization. Refer to the Appeals, Complaints and External Review Rights provision in the General Provisions section in this Contract for more information.

n. Prescription Drugs

Any payments under this provision apply toward the Covered Person's Contract Out-of-Pocket Maximum. Benefits may be subject to Dispensing Limits, Prior Authorization or Step Therapy requirements, if any.

If the dispensing Pharmacy's charge is less than the Cost Share, the Covered Person will be responsible for the lesser amount.

The amount paid by Us to the dispensing Pharmacy may not reflect the ultimate cost to Us for the drug. Prescription Drug Copayments are made on a per Prescription or refill basis and will not be adjusted if We receive any retrospective volume discounts or Prescription Drug rebates.

Some retail pharmacies participate in Our program which allows a Covered Person to receive a 90-day supply of a Prescription or refill except for Specialty Drugs or Self-Administered Injectable Drugs that are limited to a maximum of a 30-day supply. The cost is 3 times the applicable Copayment as shown on the Schedule of Benefits.

Tablet splitting is a voluntary program in which We may designate certain Formulary Drugs that the member can split the tablet of a higher strength dosage at home. Under this program, the member gets half the usual quantity for a 30-day supply, for example 15 tablets for a 30-day supply. Participants who use tablet splitting will pay half the normal Copayment amount.

We must be notified of any Cost Share that is applicable to a Covered Person's claim that is waived by the Pharmacy. Any amount thus waived and not paid by the Covered Person would not apply to any Prescription Drug Out-of-Pocket Maximum.

We may allow for the synchronization of refills for maintenance Prescription Drugs and the proration of the Cost Share for the partial supply of certain Prescription Drugs.

For prescription eye drops, a refill will be allowed if the Covered Person pays timely at the point of sale and the original prescription states that additional quantities of eye drops are needed, the refill does not exceed the total quantity of dosage units authorized by the prescribing Physician or Provider on the original prescription, including refills, and the refill is dispensed on or before the last day of the prescribed dosage period and not earlier than the 21st day after the date a prescription for a 30-day supply of eye drops is dispensed, the 42nd day after the date a prescription for a 60-day supply of eye drops is dispensed, or the 63rd day after the date a prescription for a 90-day supply of eye drops is dispensed.

Members requesting higher tier drugs when a generic equivalent is available and the physician did not specifically prescribe the requested drug are responsible for the higher tier cost sharing amount plus any difference in cost. This cost difference does not apply to any out-of-pocket maximum. Physician's prescribing a higher tier drug when a generic equivalent is available must request Prior Authorization. Certain high cost generic drugs may be included in a higher tier and thus have a higher copay.

The Specialty Pharmacy program is part of Your pharmacy benefit and is mandatory after Your first fill at retail for all specialty prescriptions that meet the following criteria. We will allow enrollees to access prescriptions drug benefits at in-network retail pharmacies, unless:

1. The drug is subject to restricted distribution by the U.S. Food and Drug Administration; or
2. The drug requires special handling, provider coordination, or patient education that cannot be provided by a retail pharmacy.

We may charge enrollees a different cost-sharing amount for obtaining a covered drug at a retail pharmacy, but all

cost sharing will count towards the plan's annual limitation on cost sharing.

The most commonly prescribed drugs, medicines, and medications covered by Us are specified on Our Drug Formulary. The Drug Formulary identifies categories of drugs, medicines or medications by levels. It also indicates Dispensing Limits and any applicable prior authorization or Step Therapy requirements. This information is reviewed on a regular basis by a Pharmacy and Therapeutics committee made up of physicians and Pharmacists. Placement on the Drug Formulary does not guarantee Your Healthcare Practitioner will prescribe that Prescription Drug, medicine or medication for a particular medical or Mental Health condition.

You can obtain a copy of Our Drug Formulary by visiting the Navitus Web site at www.navitus.com or calling Navitus Member Services telephone number on Your Member Identification Card. If a specific drug, medicine or medication is not listed on the Drug Formulary, You may call Us in writing with a request to determine whether a specific drug is included on Our Drug Formulary. We will respond to Your request no later than three business days after the receipt date of the request.

If a specific drug, medicine or medication is not listed on the Drug Formulary (or otherwise covered by Us), a Covered Person or a Covered Person's designee or a prescribing physician may request an exception orally or in writing. We will respond to Your request no later than 72 hours after the receipt date of the request. An expedited review is available for exigent circumstances such as when a Covered Person is suffering from a health condition that may seriously jeopardize the Covered person's life, health or ability to regain maximum function or when a Covered Person is undergoing a current course of treatment using a non-Drug Formulary Drug. We will respond to an expedited request based on exigent circumstances and notify the Covered Person or their designee and the prescribing physician no later than 24 hours following receipt date of the request.

A prescribing Physician or Provider, on behalf of a Covered Person, may submit a request for an exception to a Step Therapy requirement. Additional information can be found on our website at www.communityhealthchoice.org. If We do not deny an exception request before 72 hours after the request was made, the request is considered granted. If the prescribing Physician or Provider states in the request that they reasonably believe that a denial of the request makes the death or serious harm to the Covered Person probable, if We do not deny an exception request before 24 hours after the request was made, the request is considered granted.

If We do not approve an exception request for a prescription, You have the right to appeal that decision. Please refer to Section 9.a., Appeals, Grievances and External Review Rights process in the General Provisions section. In addition, the plan will provide coverage of the non-formulary drug for the duration of the exigency.

Prescription Drug coverage is subject to change. Based on state law, advanced written notice to You is required for the following modifications that affect Prescription Drug coverage:

1. Removal of a drug from the Drug Formulary;
2. Requirement that You receive prior authorization for a drug;
3. An imposed or altered quantity limit;
4. An imposed step-therapy restriction;
5. Moving a drug to a higher cost-sharing level unless a generic alternative to the drug is available.

We will only make these types of changes to Prescription Drug coverage at the renewal of the Contract. We will provide written notice no later than 60 days prior to the Effective Date of the change.

as routine vision/and or eye examination. A routine vision examination of the eyes (with or without dilation) to determine the health of the eyes and related structures, visual acuity, and determination of the patient's refractive state, prescribing corrective lenses if necessary. Adverse Determinations

If We determine that health care services provided or proposed to be provided are not Medically Necessary or appropriate, We will notify You or an individual acting on Your behalf and Your provider of record of Our determination and of Your right to Appeal the Adverse Determination and the process for requesting an Appeal.

We will notify You, the individual acting on Your behalf and Your provider of record of the Adverse Determination within the time appropriate to the circumstances relating to the delivery of the services and Your condition, but in no case to exceed one hour from notification when denying post-stabilization care subsequent to emergency treatment as requested by a treating Healthcare Practitioner. If You are hospitalized, notification will be provided within one working day by telephone or electronic transmission, followed by written notice within three working days. An expedited review is available for urgent care claims, such as when you are suffering from a health condition that may seriously jeopardize your life, health or ability to regain maximum function, or in the opinion of a Healthcare Practitioner with knowledge of Your medical condition, would subject You to severe pain that cannot be adequately managed without the care or treatment. If You are not hospitalized and it is not an urgent care situation, written notification will be provided within 3 working days or within the time appropriate to the circumstances relating to the delivery of the services and Your condition.

Notice of Adverse Determination for concurrent review of provision of prescription drugs or intravenous infusions for which You are currently receiving benefits, will be provided not later than the 30th day before the date on which the provision of prescription drugs or intravenous infusion will be discontinued. If a request for additional, urgent care benefits is made at least 24 hours prior to the end of the initially prescribed and previously approved treatment, notice will be provided within 24 hours of receipt of the request. If a retrospective review is conducted, notification will be provided within 30 days of the request. Certain extensions for retrospective review may be made as permitted by state law.

Appeal of Adverse Determinations

If Your case involves a life-threatening condition, circumstances involving the provision of prescription drugs or intravenous infusions for which You are currently receiving benefits, a denial of a Drug Formulary exception request, or if We do not meet internal timeframes, You are entitled to an immediate external review by an Independent Review Organization (IRO). You are not required to comply with procedures for an internal review.

Expedited Appeal

You or an individual acting on Your behalf or Your provider of record may ask for an expedited (fast) Appeal for emergency care denials, denials of care for life-threatening conditions denials of continued stays for hospitalization and denials of prescription drugs and intravenous infusions for which You are receiving benefits. The expedited review will be a review by a Healthcare Practitioner who has not previously reviewed the case and who is of the same or a similar specialty as the health care provider that typically manages the medical condition, procedure, or treatment under review. Expedited Appeal requests will be decided based on the medical immediacy of Your condition, procedure or treatment, but in no event later than one working day from the date all information necessary to complete the appeal is received.

Expedited Appeal for Urgent Care Claims

An expedited Appeal is also available for urgent care claims, such as when you are suffering from a health condition that may seriously jeopardize your life, health of ability to regain maximum function, or in the opinion of a Healthcare Practitioner with knowledge of Your medical condition, would subject You to severe pain that cannot be adequately managed without the care or treatment. Expedited Appeal requests for urgent care claims will be decided as soon as possible, taking into account the medical exigencies, but no later than 72 hours after receipt of the appeal.

For expedited Appeals for emergency care denials, denials of care for life-threatening conditions, denials of continued stays for hospitalization and denials of prescription drugs and intravenous infusions for which You are receiving benefits and urgent care claims, Community will make its determination as soon as possible and if two timeframes apply due to the nature of the appeal, apply the shorter of the two.

Standard Appeals

When We receive an Appeal, We will, within no later than five working days from the receipt of the Appeal, send to the appealing party a letter acknowledging the date of Our receipt of the Appeal. This letter will include the Appeal procedures, a request for required documentation, and the timeframes required for resolution. If an Appeal of an adverse determination is received orally, included in the acknowledgement letter will be a one-page Appeal form to the appealing party.

After review of the Appeal of an Adverse Determination, We will issue a response letter to You or the person acting on Your behalf and Your Healthcare Practitioner explaining the resolution of the appeal as soon as practical, but in no case later than the 30th calendar day after the date We receive the Appeal.

External Review by an Independent Review Organization (IRO)

You or an individual acting on Your behalf or Your provider has the right to request an immediate review of Our appeal decision by an IRO by submitting a request to Us within 4 months after receipt of the notice of the determination of Your appeal. There is no cost to You for the independent review.

You will not be required to exhaust Our internal appeal process before requesting an IRO if:

- (a) the Appeal process timelines are not met; or
- (b) in cases involving life threatening conditions; or
- (c) Adverse Determinations that involve denial of prescription drugs or intravenous infusions for which You are currently receiving benefits or a formulary exception request

By Fax: 713-295-7033 By Phone: 713.295.6704 and 1.855.315.5386

Community contracts with at least three independent accredited IROs to perform external review. Upon receipt of Your request for an external review, Community will refer the request to one of these IROs. Referrals are made on a rotating basis to ensure an unbiased and independent process.

The IRO will give You and Us written notice of the final external review decision as soon as possible, but not later than the 45 days after the IRO receives the request for a standard external review. For an expedited external review, the IRO will give You and Us the external review decision as quickly as medical circumstances require, but no later than 72 hours of receiving the request.

If We do not approve a Drug Formulary exception request as described in Section 3 "Your Contract Benefits Management", section n "Prescription Drugs", You may request an external review. The IRO will issue a response to you or your legal representative no later than 72 hours from receipt of your request. For an expedited appeal for prescription drugs, the IRO will issue a response to you or your legal representative no later than 24 hours from receipt.

Appeal from Denial of Benefits

If We determine that a health care service provided or proposed to be provided is not covered for reasons other than an Adverse Determination, for example, it is not covered or it is expressly excluded, You have the right to appeal that determination by requesting an appeal orally or in writing. In which case, We will follow the procedure below for Complaints.

Request for Additional Information

You may request more explanation when You receive Denial of Benefits. Contact Us when You:

- Do not understand the reason for the denial;
- Do not understand why the health care service or treatment was not fully covered;
- Do not understand why a request for coverage of a health care service or treatment was denied;
- Cannot find the applicable provision in Your Evidence of Coverage;
- Want a copy (free of charge) of the guideline, criteria or clinical rationale that We used to make Our decision; or
- Disagree with the denial or the amount not covered and You want to Appeal.

If Your claim was denied due to missing or incomplete information. You or Your health care provider may resubmit the claim to Us with the necessary information to complete the claim.

The appeal process does not prohibit the Covered Person from pursuing other appropriate remedies, including injunctive relief, a declaratory judgment, or relief available under law, if the requirement of exhausting the process for appeal and review places the Covered Person's health in serious jeopardy.

For questions on appeal and external review rights, a Covered Person can call Our Member Services Department at the number on his/her Member Identification Card.

Complaint Process

If You notify Us orally or in writing of a Complaint, We will, not later than the fifth business day after the date of the receipt of the Complaint, send You a letter acknowledging the date We received the complaint. This letter will also include Our complaint procedures and time frames for resolution. If the complaint was received orally, We will enclose a one-page complaint form clearly stating that the complaint form must be returned to Us for prompt resolution of the complaint.

After receipt of the written Complaint or one-page Complaint Form, We will investigate and send a letter with Our resolution to the Covered Person. We will notify You of Our determination within 30 calendar days after the date We received the complaint.

If a Complaint involves an emergency or denial of continued hospitalization, We will investigate and resolve the Complaint within one business day of receiving the complaint.

Appeals from a Complaint to the Plan

If the complaint is not resolved to the Covered Person's satisfaction, the Covered Person has the right either to appear in person before a complaint appeal panel where the Covered Person normally receives healthcare services, unless another site is agreed to by the Covered Person, or to address a written appeal to the complaint appeal panel. We shall complete the complaint appeal process not later than the 30th calendar day after the date of the receipt of the request for appeal.

- a. We shall send an acknowledgment letter to the Covered Person not later than the fifth business day after the date of receipt of the request for appeal.

Completion of these administrative and/or regulatory processes assures that both You and We have a full and fair opportunity to resolve any disputes regarding the terms and conditions contained in this Contract.

c. Assignment of Benefits

Assignment of benefits may be made only with Our consent. An assignment is not binding until We receive and acknowledge in writing the original or copy of the assignment before payment of the benefit. We do not guarantee the legal validity or effect of such assignment.

d. Conformity with State Statutes

If the Contract contains any provision not in conformity with Texas Insurance Code section 1271 or other applicable laws it shall not be rendered invalid but shall be construed and applied as if it were in full compliance with the Insurance Code Chapter 1271 and other applicable laws.

e. Cost of Legal Representation

The costs of Our legal representation in matters related to Our rights under this Contract shall be borne solely by Us. The costs of legal representation incurred by or on behalf of a Covered Person shall be borne solely by You or the Covered Person, unless We were given timely notice of the claim and an opportunity to protect Our Own interests and We failed or declined to do so.

f. Duplicating Provisions

If any charge is described as covered under two or more benefit provisions, We will pay only under the provision allowing the greater benefit. This may require Us to make a recalculation based upon both the amounts already paid and the amounts due to be paid. We have no obligation to pay for benefits other than those this Contract provides.

g. Entire Contract

The application, endorsements, amendments, riders and Contract constitute the entire agreement between the parties.

No modification or amendment to this Contract will be valid unless approved by the President, Secretary or a Vice-President of Our company. The approval must be endorsed on or attached to this Contract. No agent has authority to modify this Contract, waive any of the Contract provisions, extend the time for premium payment, or bind Us by making any promise or representation.

h. Incontestability

The Covered Person must have exhausted his or her rights under the Appeal, Complaints and External Review Rights provisions before bringing legal action against Us. No lawsuit with respect to benefits under this Contract may be brought after the expiration of three years after the later of:

1. The date on which We first denied the service or claim, paid less than You believe appropriate, or failed to timely pay the claim; or
2. 180 days after a final determination of a timely filed appeal.

j. Premium Adjustment

The Covered Person should mail the letter to Our address shown on the Member Identification Card. We must receive a letter from the Covered Person informing Us of the claim within 30 days from the date the service was received or as soon as reasonably possible but no later than 90 days after the date of service.

1. Proof of payment to the foreign provider for the services provided;
2. Complete medical information and/or records;
3. Proof of travel to the foreign country such as airline tickets or passport stamps; and
4. The foreign provider's fee schedule if the provider uses a billing agency.

Not later than the 15th day after which We receive the claim, We will acknowledge receipt of the claim and investigate the claim. We may need to obtain additional information We reasonably believe will be required, including, but is not limited to:

1. Authorizations for the release of medical information including the names of all providers from whom the Covered Person received services;

business day after You perform.

If You fail to cooperate or provide the necessary information, We may recover payments made by Us and deny any pending or subsequent claims for which the information is requested, unless the services were preauthorized by Us and determined to be Medically Necessary or appropriate.

However, Your claims will not be reduced or denied if it was not reasonably possible to give such proof.

I. Our Relationship with Providers

Participating Providers are not Our agents, employees or partners. Participating Providers are independent contractors. We do not endorse or control the clinical judgment or treatment recommendation made by Participating Physician or Participating Providers.

Nothing contained in this Contract or any agreement or reimbursement document shall, nor is it intended to, interfere with communication between You and Your Healthcare Practitioner regarding Your medical condition or treatment options. When requesting authorizations and ordering services, Participating Physicians or Participating Providers are acting on Your behalf. All decisions related to patient care are the responsibility of the patient and the treating Participating Physicians or Participating Providers regardless of any coverage determination(s) We have made or will make. We are not responsible for any misstatements made by any provider with regard to the scope of Covered Services and/or non-Covered Services under Your Contract. If You have any questions concerning Your coverage, please call the Member Services Department at the telephone number on Your Member Identification Card.

m. Rights That Affect Our Obligation to Pay

1. Your obligation to assist in the recovery process

The Covered Person is obligated to cooperate and assist Us and Our agents in order to protect Our recovery rights by:

- a. Promptly notifying Us that You may have a claim;
- b. Obtaining Our consent before releasing any party from liability for payment of medical expenses;
- c. Providing Us with a copy of any legal notices arising from the Covered Person's injury and its treatment;
- d. Taking all action to assist Our enforcement of recovery rights and doing nothing after the Illness, Bodily Injury or accident to prejudice Our recovery rights; and
- e. Refraining from designating all (or any disproportionate part) of any recovery as exclusively for pain and suffering.

If You fail to cooperate with Us, We shall be entitled to recover from You any payments made by Us.

2. Right to Request Information

The Covered Person must cooperate with Us and when asked, assist Us by:

- a. Authorizing the release of medical information including the names of all providers from whom medical attention was received;
- b. Obtaining medical information/or records from any Physician or Provider as requested by Us;
- c. Providing information regarding the circumstances of the Illness, Bodily Injury or accident;
- d. Providing information about other coverage benefits, including information related to any Bodily Injury or Illness for which another party may be liable to pay compensation or benefits; and

- e. Providing information We request to administer the Contract.

If You fail to cooperate or provide the necessary information, We may recover payments made by Us and deny any pending or subsequent claims for which the information is requested, unless the services were approved by Us in advance.

3. Non-duplication of Medicare benefits

We will not duplicate benefits for expenses that are paid by Medicare if it is the primary payer.

In all cases, coordination of benefits with Medicare and the provisions of Title XVIII of the Social Security Act as amended will conform with Federal Statutes and Regulations.

For purposes of this section, Medicare means Title XVIII, Part B, of the Social Security Act, as enacted or amended.

4. Coordination of Benefits

This Coordination of Benefits (COB) provision applies when a Covered Person has health care coverage under more than one plan. Plan is defined below.

- a. Following are definitions applicable to this COB provision,

1. "Plan" is any of the following that provides benefits or services for medical or dental care or treatment.

Plan includes: group, blanket, or franchise accident and health insurance policies, excluding disability income protection coverage; individual and group health maintenance organization evidences of coverage; individual accident and health insurance policies; individual and group preferred provider benefit plans and exclusive provider benefit plans; group insurance contracts, individual insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care; medical care components of individual and group long-term care contracts; limited benefit coverage that is not issued to supplement individual or group in-force policies; uninsured arrangements of group or group-type coverage; the medical benefits coverage in automobile insurance contracts; and governmental benefits, as permitted by law.

2. Plan does not include: disability income protection coverage; the Texas Health Insurance Pool; workers' compensation insurance coverage; hospital confinement indemnity coverage or other fixed indemnity coverage; specified disease coverage; supplemental benefit coverage; accident only coverage; specified accident coverage; school accident-type coverages that cover students for accidents only, including athletic injuries, either on a "24-hour" or a "to and from school" basis; benefits provided in long-term care insurance contracts for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services; Medicare supplement policies; a state plan under Medicaid; a governmental plan that, by law, provides benefits that are in excess of those of any private insurance plan; or other nongovernmental plan; or an individual accident and health insurance policy that is designed to fully integrate with other policies through a variable deductible.

Each contract for coverage is a separate plan. If a plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate plan. Also, if an arrangement has two parts and COB rules apply only to one of the two, each of the parts is a separate plan.

3. "This Plan" is the part of the contract providing the health care benefits to which the COB provision applies.

The order of benefit determination rules determines whether this Plan is a primary plan or secondary plan when the person has health care coverage under more than one plan. When this Plan is primary, it determines payment for its benefits first before those of any other plan without considering any other plan's benefits. When this Plan is secondary, it determines its benefits after those of another plan and may reduce the benefits it pays so that all plan benefits equal 100 percent of the total allowable expense.

4. "Allowable expense" is a health care expense, including deductibles and copayments that is covered at least in part by any plan covering the Member. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense that is not covered by any plan covering the person is not an allowable expense. In addition, any expense that a health care provider or physician by law or in accord with a contractual agreement is prohibited from charging a covered person is not an allowable expense.

The difference between the cost of a semi-private hospital room and a private hospital room is not an allowable expense, unless one of the plans provides coverage for private hospital room expenses.

5. "Allowable amount" is the amount of a billed charge that a carrier determines to be covered for services provided by a Non

Participating Provider or Physician. The allowed amount includes both the carrier's payment and any applicable deductible or copayment amounts for which the insured is responsible.

6. "Closed panel plan" is a plan that provides health care benefits to covered person primarily in the form of services through panel of Providers and Physicians that have contracted with or are employed by the plan, and that excludes coverage for services provided by other Providers or Physicians, except in cases of emergency or referral to a panel member.
7. "Custodial parent" is a parent with the right to designate the primary residence of a child by court order under the Texas Family Code or other applicable law, or in the absence of a court order, is the parent with whom the child resides more than one-half of the calendar years, excluding temporary visitation.

b. Order of Benefit Determination Rules

When a Member is covered by two or more plans, the rules for determining the order of benefit payments are as follows:

1. The primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other plan.
2. Except as provided in Section 3. Below, plan that does not contain a COB provision that is consistent with this policy is always primary unless the provisions of both plans state that the complying plan is primary.
3. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage must be excess to any other parts of the plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel plan to provide out-of-network benefits.
4. A plan may consider the benefits paid or provided by another plan in calculating payment of its benefits only when it is secondary to that other plan.
5. If the primary plan is a closed panel plan and the secondary plan is not, the secondary plan must pay or provide benefits as if it were the primary plan when a covered person uses a noncontracted health care provider or physician, except for emergency services or authorized referrals that are paid or provided by the primary plan.
6. When multiple contracts providing coordinated coverage are treated as a single plan under this subchapter, this section applies only to the plan as a whole, and coordination among the component contracts is governed by the terms of the contracts. If more than one carrier pays or provides benefits under the plan, the carrier designated as primary within the plan must be responsible for the plan's compliance with this subchapter.
7. If a person is covered by more than one secondary plan, the order of benefit determination rules of this subchapter decide the order in which secondary plans' benefits are determined in relation to each

other. Each secondary plan must take into consideration the benefits of the primary plan or plans and the benefits of any other plan that, under the rules of this contract, has its benefits determined before those of that secondary plan.

8. Each plan determines its order of benefits using the first of the following rules that apply.
 - i. Nondependent or Dependent. The plan that covers the Member other than as a dependent, for example as an employee, member, policyholder, subscriber, or retiree, is the primary plan, and the plan that covers the Member as a dependent is the secondary plan. However, if the Member is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the Member as a dependent and primary to the plan covering the Member as other than a dependent, then the order of benefits between the two plans is reversed so that the plan covering the Member as an employee, member, policyholder, subscriber, or retiree is the secondary plan and the other plan is the primary plan.
 - ii. Dependent Child Covered Under More Than One Plan. Unless there is a court order stating otherwise, plans covering a dependent child must determine the order of benefits using the following rules that apply.
 - (a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (1) the plan of the parent whose birthday falls earlier in the calendar year is the primary plan; or
 - (2) if both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.
 - (b) For a dependent child whose parents are divorced, separated, or not living together, whether or not they have ever been married:
 - (1) if a court order states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to plan years commencing after the plan is given notice of the court decree.
 - (2) if a court order states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Section 8.ii.(a) must determine the order of benefits.
 - (3) if a court order states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Section 8.ii.(a) must determine the order of benefits.
 - (4) if there is no court order allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the childcare as follows:
 - (i) the plan covering the custodial parent;
 - (ii) the plan covering the spouse of the custodial parent;
 - (iii) the plan covering the noncustodial parent; then
 - (iv) the plan covering the spouse of the noncustodial parent.
 - (c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the provisions of Section 8.ii.(a) or 8.ii.(b) must determine the order of benefits as if those individuals were the parents of the child.

(d) For a dependent child who has coverage under either or both parents' plans and has his or her own coverage as a dependent under a spouse's plan, Section 8.v. applies.

(e) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits must be determined by applying the birthday rule in Section 8.ii.(a) to the dependent child's parent(s) and the dependent's spouse.

iii. Active, Retired, or Laid-off Employee. The plan that covers a Member as an active employee, that is, an employee who is neither laid off nor retired, is the primary plan. The plan that covers that same Member as a retired or laid-off employee is the secondary plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the plan that covers the same person as a retired or laid-off employee or as a dependent of a retired or laid-off employee does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule does not apply. This rule does not apply if 8.i. can determine the order of benefits.

iv. COBRA or State Continuation Coverage. If a Member whose coverage is provided under COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, member, subscriber, or retiree or covering the Member as a dependent of an employee, member, subscriber, or retiree is the primary plan, and the COBRA, state, or other federal continuation coverage is the secondary plan. If the other plan does not have this rule, and as a result, the plans do not agree on the order of benefits, this rule does not apply. This rule does not apply if 8.i. can determine the order of benefits.

v. Longer or Shorter Length of Coverage. If none of the above rules determine the order of benefits, the plan that has covered the Member as an employee, member, policyholder, subscriber, or retiree longer is the primary plan, and the plan that has covered the person the shorter period is the secondary plan.

vi. If the preceding rules do not determine the order of benefits, the allowable expenses must be shared equally between the plans meeting the definition of plan. In addition, this Plan will not pay more than it would have paid had it been the primary plan.

c. Effect on the Benefits of This Plan

This section applies when this Plan is secondary in accordance with the order of benefits determination outlined above. In this event, the benefits of this Plan may be reduced so that the total benefits paid or provided by all plans are not more than the total allowable expenses. In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any allowable expense under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, the total benefits paid or provided by all plans for the claim equal 100 percent of the total allowable expense for that claim. In addition, the secondary plan must credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

If a Covered Person is enrolled in two or more closed panel plans and if, for any reason, including the provision of services by a nonpanel provider, benefits are not payable by one closed panel plan, the COB must not apply between the plan and other closed panel plans.

d. Facility of Payment

A payment made under another plan may include an amount that should have been paid under this Plan. If it does, Community may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under this Plan. Community will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

e. Right of Recovery

If the amount of payment made by Us is more than it should have paid under this COB provision, We may recover the excess from one or more of the persons We have paid or for whom We have paid or any other person or organization that may be responsible for the benefits or services provided for the Covered Person. The "amount of payments made" includes the reasonable cash value of any benefits provided in the form of services.

f. Release of Information

For purposes of this Evidence of Coverage, Community may, subject to applicable confidentiality requirements set forth in this Evidence of Coverage, release to or obtain from any insurance company or other organization necessary information to implement these Coordination of Benefit provisions. Any Member claiming benefits under this Evidence of Coverage must furnish to Community all information deemed necessary by it to implement these Coordination of Benefits provisions.

1. Right of Reimbursement

If We pay benefits and You recover or are entitled to recover benefits from other coverage or from any legally responsible party, We have the right to recover from You the amount We paid.

You must notify Us, in writing, within 31 days of any benefit payment, settlement, compromise or judgment. If You waive or impair Our right to reimbursement, We will suspend payment of past or future services until all outstanding lien(s) are resolved.
