

Dear Member,

Please see below a change we will make to our CHIP Member Handbook when we print them again. The change is effective on January 1, 2020.

Page 31.

**What if I/my daughter needs OB/GYN care?
FOR CHIP MEMBERS AND CHIP PERINATE NEWBORN MEMBERS**

You/your daughter may receive prenatal care without a referral. The OB/GYN must notify us of pregnancy care visits. If you/ your daughter is pregnant, call the CHIP Member's CHIP case worker, and our Member Services right away.

ATTENTION MEMBERS

You have the right to pick an OB/GYN for yourself/your daughter without a referral from your/your daughter's Primary Care Provider. An OB/GYN can give you:

- One well-woman checkup each year.
- Care related to pregnancy.
- Care for any female medical condition.
- Referral to special doctor (specialist) within the network.

Community Health Choice allows you/your daughter to pick an OB/GYN for you/your daughter but this doctor must be in the same network as your/your daughter's Primary Care Provider.
