

Community Health Choice (HMO D-SNP)

2020 FORMULARY

(List of Covered Drugs)

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN

[<HPMS Approved Formulary File Submission ID 00020312, Version Number 6

This formulary was updated on 9/01/019. For more recent information or other questions, please contact Community Health Choice Member Services, at 1-833-276-8306 or, for TTY users, 711, we are open October 1 through March 31, 8:00 am to 8:00 pm, 7 days a week and April 1 through September 30, Monday through Friday, 8:00 am to 8:00 pm. On certain holidays your call will be handled by our automated phone system, or visit www.communityhealthchoice.org.

This formulary is for our service area in the following Texas counties: Austin, Brazoria, Chambers, Fort Bend, Galveston, Hardin, Harris, Jasper, Jefferson, Liberty, Matagorda, Montgomery, Newton, Orange, Polk, San Jacinto, Tyler, Walker, Waller and Wharton.

CommunityHealthChoice.org/Medicare

833.276.8306 or 713.295.5007 (TTY 711)
October 1 through March 31, 8:00 am to 8:00 pm,
7 days a week and April 1 through September 30,
Monday through Friday, 8:00 am to 8:00 pm

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us”, or “our,” it means Community Health Choice. When it refers to “plan” or “our plan,” it means Community Health Choice.

This document includes a list of the drugs (formulary) for our plan which is current as of 09/01/2019. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2020, and from time to time during the year.

What is the Community Health Choice Formulary?

A formulary is a list of covered drugs selected by Community Health Choice in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Community Health Choice will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Community Health Choice network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Community Health Choice Formulary?”

- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market,

we will immediately remove the drug from our formulary and provide notice to members who take the drug.

- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug or move it to a different cost-sharing tier. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.
 - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Community Health Choice’s Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2020 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2020 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year.

The enclosed formulary is current as of 09/01/2019. To get updated information about the drugs covered by Community Health Plan, please contact us. Our contact information appears on the front and back cover pages.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 8. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, Cardiovascular Agents. If you know what your drug is used for, look for the category name in the list that begins 8. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 110. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Community Health Choice covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Community Health Choice requires you [or your physician] to get prior authorization for certain drugs. This means that you will need to get approval from Community Health Choice before you fill your prescriptions. If you don't get approval, Community Health Choice may not cover the drug.
- **Quantity Limits:** For certain drugs, Community Health Choice limits the amount of the drug that Community Health Choice will cover. For example, Community Health Choice provides 60 capsules per prescription for celecoxib. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Community Health Choice requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Community Health Choice may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Community Health Choice will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 8. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted on line documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Community Health Choice to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Community Health Choice's formulary?" on page 4 for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered. For more information, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you learn that Community Health Choice does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Community Health Choice. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Community Health Choice.
- You can ask Community Health Choice to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Community Health Choice Formulary?

You can ask Community Health Choice to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Community Health Choice limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Community Health Choice will only approve your request for an exception if the alternative drugs included on the plan's formulary, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30 day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

Exceptions are available for members who have experienced a change in the level of care they are receiving which requires them to transition from one facility or treatment center to another. Examples of situations in which members would be eligible for the one-time temporary fill exception when they are outside of the three month effective date into the Part D program are as follows:

- i. Members who enter LTC facilities from hospitals with a discharge list of medications from the hospital formulary with very short term planning taken into account (i.e. under 8 hours).
- ii. Members who are discharged from a hospital to a home with very short-term planning taken into account.
- iii. Members who end their skilled nursing facility Medicare Part a stay (where payments include all pharmacy charged) and who need to revert to their Part D plan formulary.
- iv. Members who give up hospice status to revert to standard Medicare Part A and P benefits.
- v. Members who end an LTC facility stay and return to the community.

Members who are discharged from psychiatric hospitals with drug regimens that are highly individualized. For more information

For more detailed information about your Community Health Choice prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Community Health Choice, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

Community Health Choice’s Formulary

The formulary below provides coverage information about the drugs covered by Community Health Choice. If you have trouble finding your drug in the list, turn to the Index that begins on page 110.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., HUMIRA) and generic drugs are listed in lower-case italics (e.g., *celecoxib*).

The information in the Requirements/Limits column tells you if Community Health Choice has any special requirements for coverage of your drug.

The following table describes the abbreviations used in the Drug List Table.

ABBREVIATION	ABBREVIATION MEANING
FF	First Fill Limited to one-month supply: You may be able to receive greater than a 1-month supply of most of the drugs on your Formulary. Drugs noted with “FF” are limited to a 1-month supply for both Retail and Mail Order on your first fill only. After the first fill, an extended day supply would be available.
LD	Limited Distribution: The symbol [LD] next to a drug name indicates that the drug has been noted as being restricted to certain pharmacies by the Food and Drug Administration. These drugs can only be obtained at specialty designated pharmacies able to appropriately handle the drugs.
NDS	Non-Extended Day Supply: You may be able to receive greater than a 1-month supply of most of the drugs on your Formulary via mail order at a reduced cost share. Drugs noted with “NDS” are limited to a 1-month supply for both Retail and Mail Order.
PA	Prior Authorization: Community Health Choice requires you [or your physician] to get prior authorization for certain drugs. This means that you will need to get approval from The Plan before you fill your prescriptions. If you don’t get approval, The Plan may not cover the drug.
PA_BvD	Prior Authorization Restriction for Part B vs Part D: This drug may be eligible for payment under Medicare Part B or Part D. You (or your physician) are required to get prior authorization from The Plan to determine that this drug is covered under Medicare Part D before you fill your prescription for this drug. Without prior approval, The Plan may not cover this drug.

PA_NSO	Prior Authorization Restriction for New Starts Only: If this drug is new to the member, you (or your physician) are required to get prior authorization from The Plan before you fill your prescription for this drug. Without prior approval, The Plan may not cover this drug.
QL	Quantity Limits: For certain drugs, The Plan limits the amount of the drug that The Plan will cover. This could include a: per fill, daily, monthly, or yearly limitation.
ST	In some cases, The Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, The Plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, The Plan will then cover Drug B.
ST_NSO	Step Therapy for New Starts Only: If this drug is new to the member, you are required to first try certain drugs to treat your medical condition before we will cover another drug for that condition.

LANGUAGE ASSISTANCE

Community Health Choice Texas, Inc. is required by federal law to provide the following information.

NON-DISCRIMINATION STATEMENT

Community Health Choice Texas, Inc. complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Community Health Choice, Inc. provides free aids and services to people with disabilities to communicate effectively with us, such as:

- qualified sign language interpreters,
- written information in other formats (large print, audio, accessible electronic formats, other formats).

Community Health Choice Texas, Inc. provides free language services to people whose primary language is not English, such as qualified interpreters and information written in other languages.

If you need these services, contact the Community Health Choice Texas, Inc. Member Service Care Center at 1.833.276.8306.

If you believe that Community Health Choice Texas, Inc. has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance:

Service Improvement Department

2636 South Loop West, Ste. 125
Houston, Texas 77054

Phone: 833.276.8306

Fax: 713.295.7033

TTY: 711

Email:

ServiceImprovement@Community
HealthChoice.org

You can file a grievance in person or by mail, fax or email. If you need help filing a grievance, Martha Posada, Service Improvement Coordinator, is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

U.S. Department of Health and Human Services

200 Independence Avenue, SW Room 509F,
HHH Building Washington, D.C. 20201
1-800-368-1019, 800-537-7697 (TDD)

Complaint forms are available at
<http://www.hhs.gov/ocr/office/file/index.html>.
