# Community Health Choice members, Welcome to Doctor On Demand

Available when you are, without the hassle of the waiting room. Connect with an experienced, licensed medical provider, psychiatrist, or therapist over secure video.

## Compassionate care at your fingertips

Doctor On Demand's health practice isn't confined to Monday through Friday during business hours. Connect with an experienced, licensed medical provider, psychiatrist or therapist through secure video.

### Everyday & everywhere

Face-to-face visits are available on-demand or by appointment, day or night, holidays included. Get high-quality care from the safety of home.

### Prescriptions & labs

If you need a medication or a prescription refill, our providers can order electronic prescriptions to the pharmacy of your choice. Our team can also refer you to a convenient lab for diagnostic testing.

### Top-rated care

Our providers are rated 4.9 out of 5 stars by patients. They come from various specialities and have an average of 15 years experience.

## Connect face-to-face using your phone, tablet or computer, 24/7

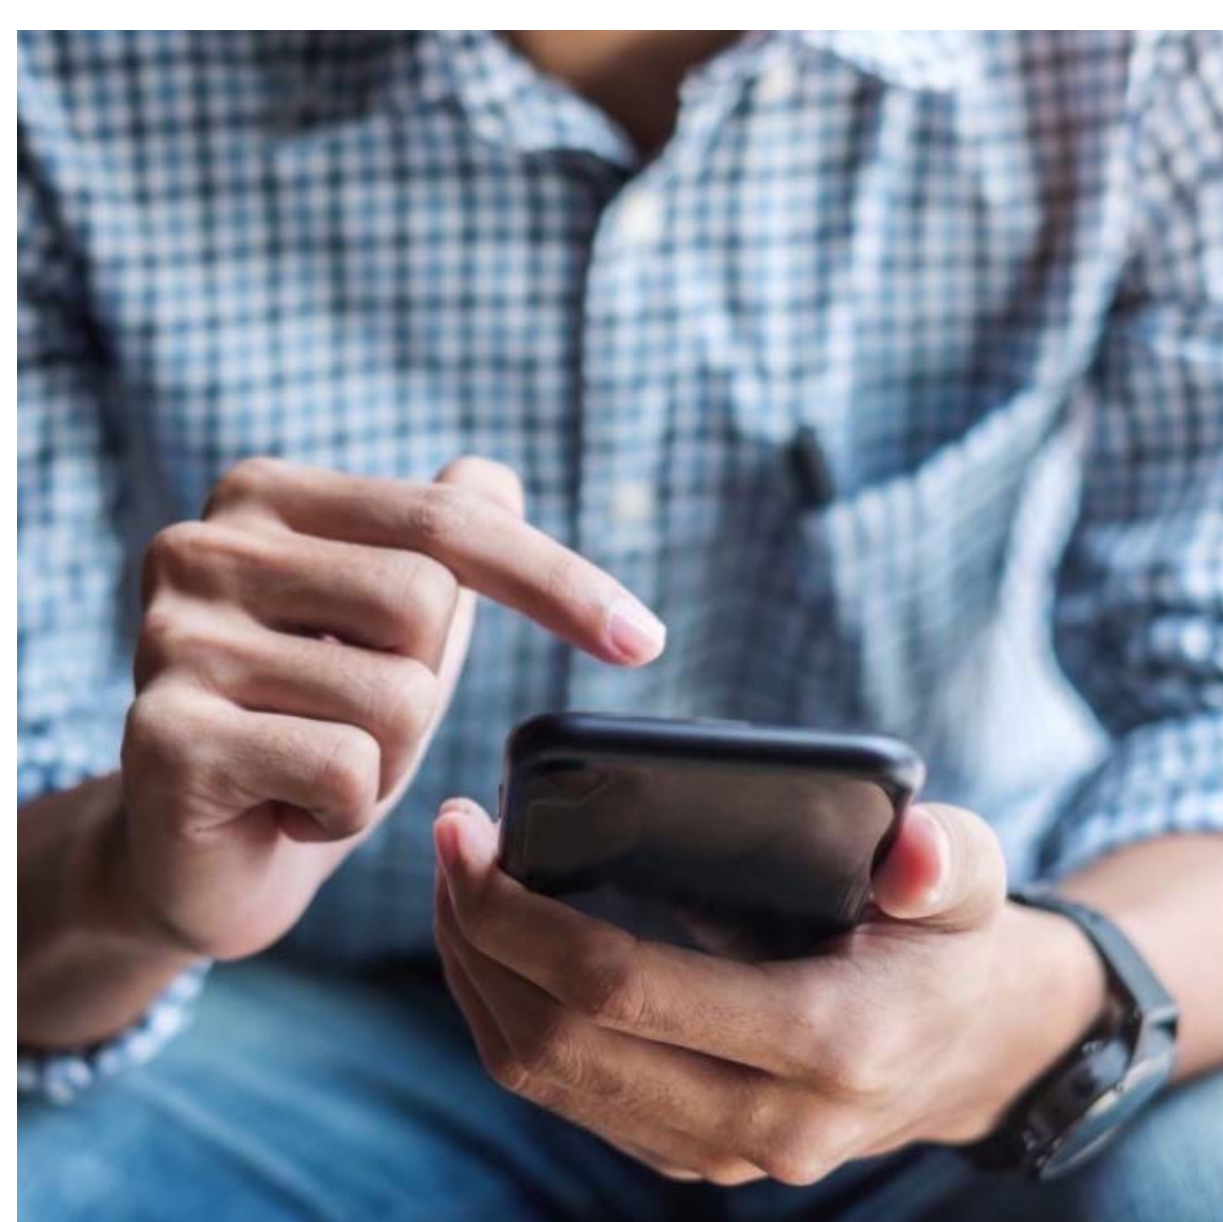

Just like an in-person visit, the doctor takes your history and symptoms, performs an exam and may recommend treatment - including prescriptions and lab work.
