The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-855-315-5386 or https://www.communityhealthchoice.org/health-insurance-marketplace/know-the-details-2022/. Important Questions	Answers	Why This Matters:
What is the overall deductible?	$0/ Individual | $0/family	See the Common Medical Events chart below for your costs for services this plan covers.
Are there services covered before you meet your deductible?	Yes.	For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	$8,700/individual / $17,400/family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, and healthcare this plan does not cover.	Even though you pay these expenses, they don't count towards the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See https://providersearch.communityhealthchoice.org or call 1-855-315-5386 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most of you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware our network provider might use an out-of-network provider for some services (such as lab works). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
