Summary of Medicaid Covered Benefits

Your Texas Medicaid program is through the Texas Health and Human Services Commission (HHSC). Refer to your Texas Medicaid ID Card for contact information.

When a person is entitled to both Medicare and medical assistance from a State Medicaid plan, they are considered dual eligible. As a dual eligible beneficiary your services are paid first by Medicare and then by Medicaid. Your Medicaid coverage varies depending on your income, resources, and other factors. Benefits may include full Medicaid benefits and/or payment of some or all of your Medicare cost-share (premiums, deductibles, coinsurance, or copays).

Below is a list of dual eligibility coverage categories for beneficiaries who may enroll in the Community DualCare Aligned (HMO D-SNP) Plan:

- **Qualified Medicare Beneficiary (QMB):** Medicaid pays your Medicare Part A and Part B premiums, deductibles, coinsurance, and copayment amounts only. You receive Medicaid coverage of Medicare cost-share but are not otherwise eligible for full Medicaid benefits.
- **QMB +:** Medicaid pays your Medicare Part A and Part B premiums, deductibles, coinsurance, and copayment amounts. You receive Medicaid coverage of Medicare cost share and are eligible for full Medicaid benefits.
- **Specified Low-Income Medicare Beneficiary (SLMB+):** Medicaid pays your Part B premium and provides full Medicaid benefits. You are eligible for full Medicaid benefits. At times you may also be eligible for limited assistance from your state Medicaid agency in paying your Medicare cost share amounts. Generally your cost share is 0% when the service is covered by both Medicare and Medicaid. There may be cases where you have to pay cost sharing when a service or benefit is not covered by Medicaid.

As a QMB, QMB+, or SLMB+ beneficiary enrolled in this Plan, your cost-share is 0%, except for Part D prescription drug copays. (See previous Summary of Benefits table for an overview of your **Community DualCare Aligned (HMO D-SNP)** Plan benefits and cost-sharing responsibilities.)
